I reviewed our asking prices and you are correct that there is a large cushion between asking prices and Brice's sales price to "Bobby"

Our asking prices were as follows:

Fat Cat 135,000

RO 50,000

Generators (2) 34,000

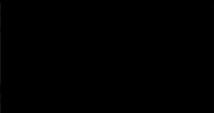

Total Ask 219,000

Would you like me to obtain from Brice the contact info for Bobby and attempt to increase purchase price or pass and move on with 100k sale?
