I will ask Gary again to fwd Blair's number, this was the response gary send last night:

Larry,

Tom is pretty fed up with this deal. He is upset that I told EI he was involved in my new company, as that was something he wanted confidential, and I was merely trying to be Mr transparency. Tom does not even know that I told you guys as well. More importantly Tom feels he "married Enrique once already when he had to rearrange his own schedule for Enrique demo, and then he dropped the price dramatically more than what was contracted, only for Enrique to still play around" as far as Tom is concerned he has put his best cards on the table and right now he is focused on selling the GEX elsewhere and for more money. If EI agreed to step up I could get Tom to come back around but he too mad to talk about it now
