Dear Friends of Palestinian Media Watch,

As you consider your year-end donations for 2012, we hope that you will support PMW.

As readers of our reports, you are aware of the profound impact PMW is having.

With our team of translators, analysts and writers, PMW is unique in systematically documenting and analyzing the activities, texts and statements of the Palestinian Authority, and bringing the findings to media and decision makers around the world.

When PA leaders talk peace to the international community in English while simultaneously inciting hatred and violence to Palestinians in Arabic, PMW is there to document these contradictory messages.

PMW has successfully shown decision makers in Israel and around the world that PA activities, messages and education are clear impediments to peace. This year alone, PMW met with members of parliaments from Canada, Italy, Australia, the Netherlands, Norway, Switzerland and the EU, as well as the US Congress and others.

The Israeli government is increasing its use of PMW findings. At the peace talks in January, Israel "presented [PA negotiator] Erekat with a book that sets forth what Israel defines as severe incitement in the PA... *Deception: Betraying the Peace Process*, was published last month by Palestinian Media Watch." [Walla News, Jan. 24, 2012]

There has never been a greater need for wider exposure of PMW information.

Please help us achieve this by including PMW in your year-end donations!
