Subject: Gym system

Jeffrey,

Current TV and Receiver in Gym on 4th do not have HDMI since they are dated, as we discussed.

I will attempt to use the 3rd room speaker out on the current Sony receiver in gym today to power the Yoga room speakers. When we install a new TV in January I'd recommend installing a new receiver with HDMI at this time. This will be a simple install for me to accomplish my self, if Rich Barnett could have the New TV mounted once purchased.

(idea, we could use the LSJ kitchen TV for Gym on 4th floor, since it has HDMI, I could bring on Boeing if you like when we return from St Thomas?)

do you like the idea of using the LSJ kitchen TV for 4th floor in Gym?

thx
Larry
