Jeffrey,

Attached please find 2 different plan options for Cabana 1...I really like the way Option 2 opens up the space...which I'll show you in a 3D sketch.

Ideas for lighting also are noted, see Option 1, in additon to this, I think we can investigate adding uplighting within the crown around the room, and possibly on the top side of the trusses to light the ceiling...lower level light is added around the room in the corners, then at eye level with artwork lighting, and lastly large "volumes" of light from desk lamps.

Take a look and let me know your thoughts,
Amy
