

Jeffrey,
items to include when you think the time is right to inject in "Purchase Agreement" contract for negotiations. (note the last item),
Schedule A (wish list)

- New Paint (\$125k)
- AC power cart (\$15,000 value)
- Hydraulic mule cart (\$15,000 value)
- Electric high lift inspection stand (\$8,000 value)
- tow bar (\$1,500 value)
- gas power tug (to move aircraft) (used \$25,000) estimate
- spare set of Main Wheels (value \$65,000)
- spare set of Nose tires (value \$30,000)
- two extra Passenger seats for mid cabin seating (\$40,000 value) The aircraft currently has the Four place seating installed,,provides greater clearance walking down the isle way,.
- spare carpet (0)
- any extra parts, o-rings, and data base loaders,.
- 1981 car (\$75K)

you mentioned anything in the hanger that caught my eye, There is a car that we might want to go after:

-1981 Lamborghini Countach V12 twin turbo, sitting under the wing of the GIV, it was the owners car, it has flat tires and according to the Director of Maintenance has an issue with title, the VIN does not match the Title, I would imagine we could figure it out. It is running condition, Red metal flake with white leather interior, (interior is a 5) and (exterior is an 8),. so its not a perfect car. I have researched the value, if it where 1000 mile cream puff, \$195k value , but this car maybe \$75k, or less. I know we have been shopping for a Maseratti,,,could be a Great consultation buy,. to be included in sale of GIV,.

thx,
Larry
