

Jeffrey,
Wendy's kid that lives at Zorro ranch is offering \$3,000 for 1987 Jeep, the Jeep would be based on the ranch,, pictured below,, I started asking \$6,000 for this car, and one offer at \$4,500 but buyer didn't have funds,, would you be willing to **accept \$3,000** ? (he originally offered \$2,200),. Mano mentioned he would possibly go to \$3,500 if you like? please advise thank you, Larry (appears Mono has him cleaning the Pool at the main house?)

from Mono:
His name AJ Martinez. He is a Junior and will be 17 at the end of the month. He has worked here on the ranch for 2 summers. He takes care of the grounds at Ranch Central also cleans mechanical rooms, pool room and the Estancia at the Main house in the summer. He has learned to run the bobcat and cleans out stalls also. I think he is a good kid and does whatever I ask him and always wants to learn about vehicles. Yes he lives on ranch with him mom. The vehicle will be driven to school. He wants to go to mechanic school when he graduates High School. He learned a lot from owning a diesel truck now wants to own and work on another type of vehicle. I think he is willing to go up to \$2,200 . Thanks for helping out
Mano
