With eleven people sitting in front of me , i talk to arda three times, walked out of the room 4 times to force him to personally go to court and pick up your notice. I found time . I made time, because it was important for you. not me. you. For eight months . over and over , though I told you that things were important to me. what i heard back, was i have no time. didn't have time. too busy, forgot. . I made no fuss, bother , and seperate from two occassion, said ok no problem, . finals boards. birthday, finals again. I flew to forida or stayed in ny or flew back and forth, to fit into your shcedule causingyou the least additional stress. then when school now ends and I gently say that there are things to discusss, you start to cry and tell me I can't live like this. Jeffrey you alwasys do this, . people agree with me, you tell me Im not he only one, . I have waited patinetly for 8 months , I have asked is it possoble to take off friday, . no can't , impossible, I say ok, Ill fly larry and dave in the night before, organzie heli, house, travel larry and dave stay another night after landing, no problem, . I have said over and over , students get sick, they take days off gthe world does not end. notheing will happen, you tell me you can't , entoutcner rate, you might have to stay an extra week or spend some of your off days working to make up for it. I say ok, don't stress, I ll work around it. i know you are under stress I ;; do it my self. , I know you are having a tough time , so that it isdicidult for you to find time for apt s, me , fun, I have told you it is difficult , and I am finding your total disregard for things except your patients. troubling. I have sat back , said ok, i would likeyou to think about it. on . beach walk in palm beach, the island in the kitfcen, new york in the dressing room, the same conversation , with the same results.-- none. . or tears. if i become frustrated, listiening to I have no time, though you make your own scheudle. .
