Sorry Jeffrey, missed this e mail, yesterday was not a good day

Main House Distribution Pumps

One of two pressure relief valves failed on the MH and Lodge distribution pumps at the main reservoir,
Saturday morning

This then blew the relief backup line and valve from the Water Line to the Main House.
Relief Valve and Line was not strapped properly and could not handle the 80 psi pressure
All equipment is original to build

Horizon mechanical are on sight and will do a temp repair so we can try and get water
to MH and lodge

Duane (Horizon) will check out both pressure relief valves and repair broken backup line and pressure valve next
week

Obliviously this means no water, for cooling tower, irrigation or domestic use at the
Main House

Will update you when i have more info, I do have concerns that it was the control board
for the pumps that caused this malfunction.

Internet

Awaiting completion of Frequency Search, which should be done by Tuesday.

Once this is completed, equipment can be ordered

For your visit, investigating sharing services using Sat service for just movie
downloads, T1 service will dedicated to your Internet and e mails.

Will confirm if this can be done this week.

Great Room and Movie Room

Recommendations/Estimate to repair Great Room Stereo system and Upgrade to
Existing Sony Android Tablet in Movie Room to an iPad & App with Creston controls,
was forwarded to John and Rich late friday

This will allow all devices (apple TV, Sony 4K Media player, Blue Ray, projector,
screen, to operate from one source, simplifying controls and use for you, part of this
estimate is also to resolve buzzing sound in movie room speakers.

New Vehicles

Suburban Purchase, Rich contacted me regarding this, reconfirmed ABQ Dealership
info, awaiting direction/progress

Ranch Truck, confirmed with Rich that you agreed on your last visit to Trade the 2000
Suburban (111,000 mile) for a New Dodge Truck to match existing 2006 Dodge Ram.
As discussed with you the Existing Dodge Truck (146,000K) would be step down for
Ranch use, it is overall in better condition than the Suburban, which is going to need a
new fuel pump, alternator. Estimate trade in value, \$2500.00

All Trade and Purchase information for New Suburban and Truck was on June 26th to
Rich and John.

Other Items

Larrys Sod is complete, just need to do some final clean up etc this week
Red Sage planting in terrace lavender beds completed
Outdoor carpet on terraces is laid
I need to confirm piping cost etc with Rich this week for New Water distribution system
Plan to start Trenching later this week

regards Brice
