it appears with tax and software this will cost approx 2,500
should i purchase and have james configure or wait until 60 day trial period ends?
please advise

Hi Rich,

I know we are just doing a trial period currently, but if I could get a work laptop approved, it would be great. I will be needing a MacBook instead of an iMac because I will be traveling between the properties, so I need something portable.

A 15" MacBook Pro would be fine. I don't need it bigger. I will also need MS Word, Excel and Outlook.

It's not super critical right now since I have my iPad, but at some point it would be needed

Thanks

John
