enjoyed the your book. really liked some phrases, (ventriloquilazation) I not sure where new understandings fit in to the zero one paradigm. art probably a good example. not my phrase, but when someone picked up the soccer ball for the first time and ran with it. rugby was born. Im not sure it was technology. pg 83, your suggestion that adreesoon would have to find 19 instagams to BREAK EVEN , might be restated. Im looking forward to the 4th of aug. we will hve fun, I will have many questions as i hope you will
