At 36,000 feet found it remarkable that it has now been given regulatory legitimacy. We're looking at it now in detail. Also, Dell Computer announced today that they were accepting bitcoin as currency for the purchase of all of their products.

It's been a bad 2 weeks (seems to be a tough summer for poor farkie). My father has gone into the emergency room 3 times over the past 12 days. In Jackson no less. He's still in there. I've been back and forth several times and have now succeeded in putting my back out. How/where are you?
