Subject: Re: New beach shed

Table is 9 feet by 7 feet.

If you want the chairs and benches that goes with the table to fit in there as well, with enough room to move around and get in and out of the chairs, then the area needed would be 17 by 14 feet since the benches are quite substantial in size.

Jeffrey,

You mentioned you wanted the New Beach shed like the dock shed but bigger.

Pokie is getting materials today. Have you decided how much bigger it should be?

Thanks

John
