Amex is now searching for a rental car company that will accept a prepay. When you reserve a car, the person who is going to drive the car, must still show a valid DL and Credit card in their name...some companies will take debit, but the debit card must have sufficient funds (they could check from \$100-200) and they do a credit check on the person. Not sure if she may have had insufficient funds or didnt pass the credit check. Even if we can get a prepay car she must pass these two criteria's. I went over the fact [REDACTED] needed to be over 24 with a valid drivers license to rent a car but no mention of her needing to pass a credit check or have a credit card was mentioned. I am waiting for Amex to call me back
