i think the proposal is good but lacks the critical issues regarding taxation . an excahgne of property, (bitcoin) said NOT to be a currency by the irs. has many strange laws. a bitcoin exchange is not viable , I belive unless regualtions come first. why is it not gambling, maybe it should be,? barter, ? rules are vague, options security laws . currency the cate gory that it is not. also has unique issues, Definitions first , not along the way , would be my reccomendation.
