Hi Tyler,

the site looks great. There are still a few things:

- About url: Jeffrey's name is misspelled.
- Blog: the RSS feed only goes to May 14
- Twitter link doesn't connect. It should go to Jeffrey_Epstein. I'm removing Epstein_Jeffrey.
- Navigation-- AI Projects link at bottom of the page doesn't link to that page.
- About page: at the bottom of the text it should say 'Humanity +'.
- Homepage: could we mute/fade the AI photo a bit so it isn't so prominent?

THanks for letting me know when this is done. I'll alert Darren.

Will also send an update on my end.

Hi Tyler,

Below are my edits to the NET site: I sent them last week but they weren't incorporated yet.

- Homepage: the flashing titles over the photo should be: 'AI Projects', 'AI Press', and 'AI Blog' and they should link to those pages accordingly. Right now they link to non-AI press releases.
- Homepage: use the attached AI photo vs. the photo of NY City.

- Navigation: at the bottom of the site, should have all of the menus, not just 'About' and 'AI Projects'
- 'AI Projects' should have its own menu at the top right of the page after 'About'. Right now its a sub menu in the About.
- Jeffrey's full name should be in the url of the 'About' page.
- the Twitter link does not go to Jeffrey's twitter account page: @Jeffrey_Epstein
- the RSS link at the bottom of the page should link to the Blog page.
- About page: change Jeffrey's photo to the one attached.
- Blog page: should have the updated RSS feed-- right now it only shows a post from May.
- Contact page: the address should say: Jeffrey Epstein VI Foundation. The VI was left out.

were all the meta tags etc put in?

thanks,
