Subject: Re: My phone

Will check

Vacation maybe now... But i don't know where I would go on my own so I want to take it here. I want to be with my friends for my birthday.

Things were good with [REDACTED], we got closer and had fun together. He asked what I am doing for July / august and if I do take any trips ( on my vacation) maybe he can come.

Still...something is obviously keeping him from asking me to LA. I have no expectations, just taking it as it comes. PLEASE don't talk to him about him and I.

He is preparing for another bout of press that will come out today. It is affecting him. I could see he was trying not to cry at one point when we were talking about it

I LOVE YOU

It's official. My phone doesn't ring anymore. I have the side button on NOT silent, the volume buttons on the side maximum, and the volume in settings maximum. I will go to apple store and see if they can help.
