Dear Jeff,

I hope all is good with you and that you are having a great time in the Caribbeans or in another global paradise with appropriate company!

Here things have been quite busy with the new work but the group seems very pleased with the progress on the integration of the brands.

The lawyers also finished the work on the structures and we have a clear path forward

Can you please call me when you have 5 minutes so we can share thoughts? My mobile is always

[REDACTED]

Thank you
Gianni
