Subject: Thanks

Dear Jeffrey,

Instead of calling I wanted to express my deep appreciation for your efforts. I am sorry that flying to Seattle is involved, but I think that it may very well pay off. If the right approach is a general contribution to Bard, I need not urge you to make it as large as possible, if only to amortize your effort.

It is very much needed and I am truly thankful. If there is anything further you need, let me know. And good luck and thanks again. If you want to talk, let me know. If there is anything more on the school front I can do, also let me know.

In friendship,
Leon
