Cecile: I hope you are doing well. Any updates from Jeffrey? I am still willing to meet if that would be helpful.

Thanks

David

Hi David,

Jeffrey said that he can get on a call with you tomorrow. What would be a good time for you?

With warm regards,  
Cecile

Cecile: I hope you are doing well this Easter weekend. Today the Board of Trustees of the University approved the development stage for a medical school in the Virgin Islands, and authorized me to execute a gift agreement for a major gift that will serve as the foundational gift for the medical school. There will be an announcement of the gift this Friday at Government House on St. Thomas.

I know that you and Dionne have been in discussion about the proposal we submitted to Jeff Epstein. I also know that he was not ready to make a commitment, if at all, until late April. Since I know Mr. Epstein had a unique interest in the medical school, I wanted to reach out to you to find out if he wanted a briefing about the announcement before it comes out on Friday.

This is not intended to create any pressure on his decision, but only to indicate that I did not want him to hear about the announcement in the paper and not directly from me.

Dionne is on sick leave for a couple of weeks so I decided to contact you directly.  
Thanks for all of your support in this endeavor.

David

Good afternoon Dionne,

Today and this week are really crazy for me and I leave on Friday (back in the office on Wed). I would like a chance to speak to Jeffrey so that I will have more info for you.

With warm regards,  
Cecile

Dear Cecile,

Hope you had a good President's Day!

Thank you very much; we appreciate the update. I will reach out to you later today as I have a few questions regarding the process this go round.

My best,

Dionne

Dear Cecile,

Greetings from UVI! We are especially encouraged by Mr. Epstein's willingness to become engaged with the University and support our mission.

During our meeting, he asked for our Science and Mathematics faculty to provide a wish list that would substantively transform their efforts to provide quality science education to our students. To that end, I am sharing a draft proposal and budget for your review in advance of Mr. Epstein's consideration. As you will see, much of what we originally discussed back in 2012 is still contained within this new document. However, it has been updated with new input and perspectives.

I will call you early next week to confirm receipt and schedule a time for us to discuss in detail. In the interim, please feel free to revert with any questions and/or suggestions by phone [REDACTED] or return email.

Looking forward to working with you on this project once again!

My best,

Dionne
