No...

They did that without even understanding the spectrum value. They know the system can be built, that is without question to someone who understands this stuff.

The spectrum value is separate. A global satellite system is coming... This is a key ingredient. On May 30, 2014 10:58 AM, "jeffrey E." <jeevacation@gmail.com> wrote:
Yes google made their own assessment of risk and enabling and bid under 50
