Subject: DCA, APPROVED!!

Jeffrey.

we have recieved DCA apprval,. !

thx,.

Larry

Dear Mr. Visoski,

Congratulations, **JEGE, LLC.** has been approved effective immediately to conduct flight operations to/from Ronald Reagan Washington National Airport (KDCA) as an approved DASSP aircraft operator. Attached for your records is your official authorization letter. As a reminder, all flight operations must be conducted in accordance with the DCA Access Standard Security Program.

Identified in the approval letter is your TSA-HQ assigned Principle Security Specialist (PSS). The PSS is your program contact at TSA-HQ and is responsible for maintaining your corporate profile within TSA. The PSS is also your direct point of contact for discussing the DASSP program contents. Updates for aircraft and crewmember information must be made on the operator data sheet and emailed to DASSP@TSA.DHS.GOV.

The below login credentials will enable you as the Security Coordinator to access the TSA secure WebBoard. Please use this WebBoard to access the most up to date documentation on the DASSP program (e.g. Gateway map, Coordination Center phone numbers, and the current Security Program document).
