pookie pants , hope you landed on the island safely.

your talk got me thinking . .

If there are all these options for who we can be. why can't we still be together?

why does your heart have to be for just one person, i could effectively live out the
dream of having you as the love of my life forever and ever...

and you can be in a fully blossoming relationship. an invisible connection

that isn't fully fledged can have as much weight as one that is. we're already having

intimate relationships with digital devices , and it's a much easier proposition than trying to
let go of something that has always felt bigger than i am..

I could just BE your forever mistress, special love, tripple A (ha!) one of ten names for a
unique connection that hasn't yet found it's rightful place in the world.

there could be hundreds of thousands of people who could transform their broken hearts into
blessed and purposeful connections.

maybe this theme is where i pick up my unfinished book!! -;) I like the idea....

nighty night ~
