Fluid clocks and impossibly spindle-legged elephants—famous signs of our favorite weird and wonderful Spanish artist. Transport yourself into the curious dreamscape of a surreal painting with today's Salvador Dalí-inspired collection. Everything becomes topsy-turvy in this exhibit of modern art-inspired goods, with lounge chairs stretching

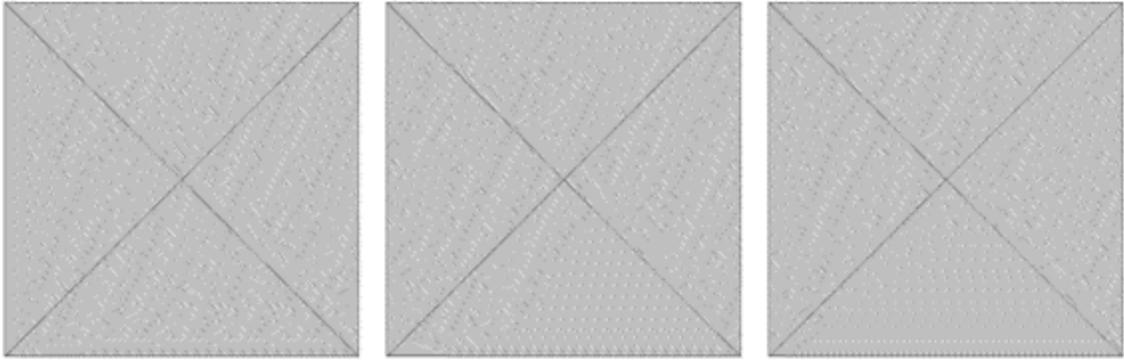

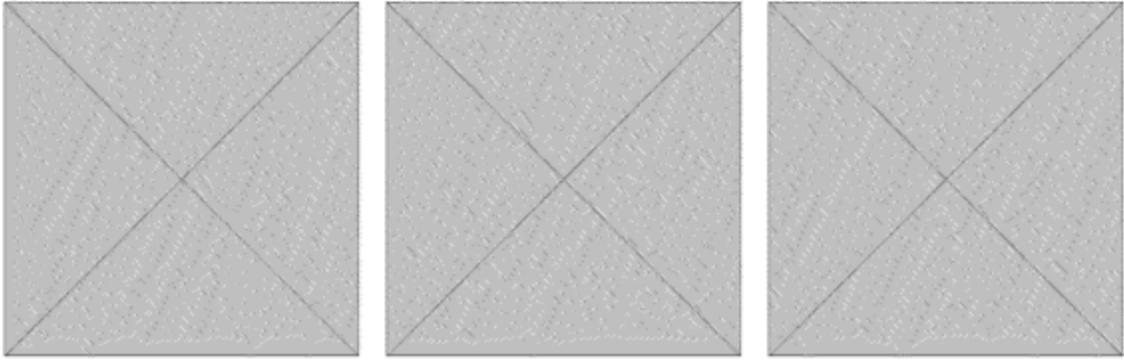

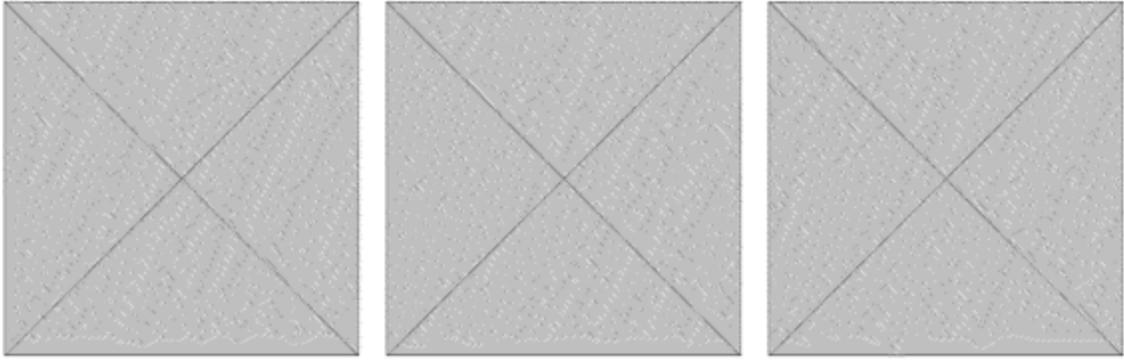

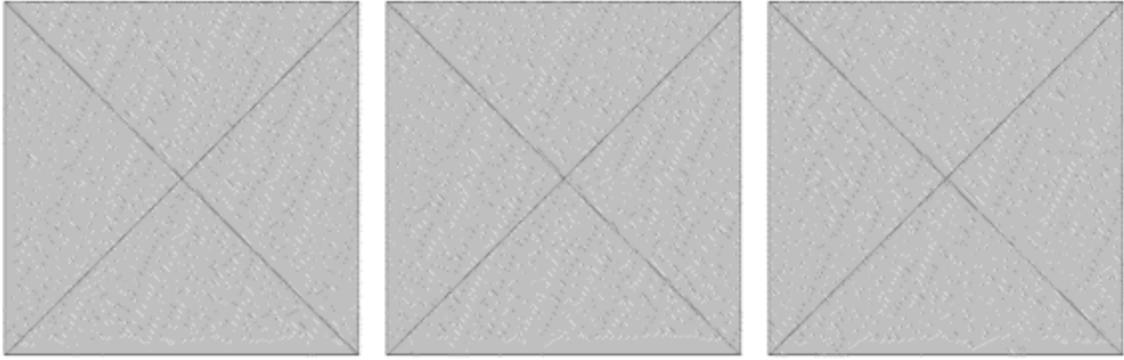

out to infinity and subverted porcelain animal shapes as tiny treasure chests. Choose your favorite oddities to create your own dreamscape.

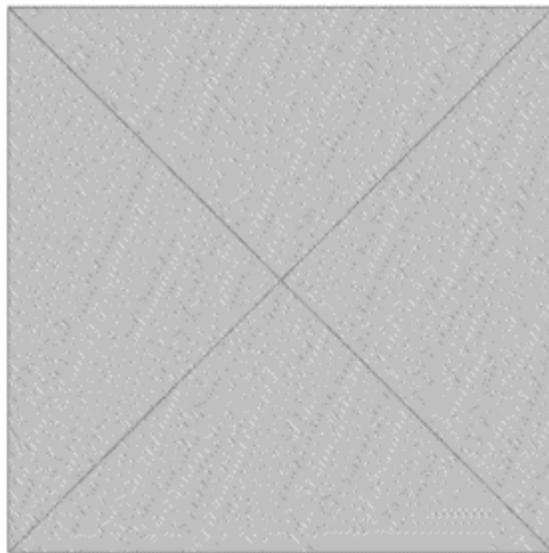

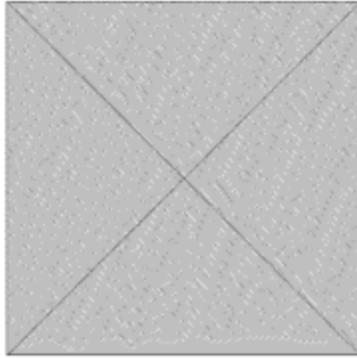

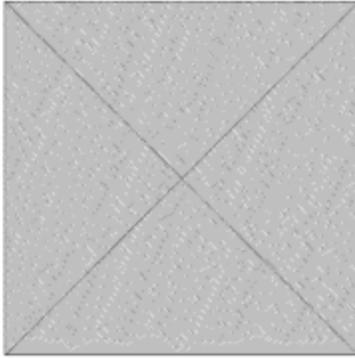

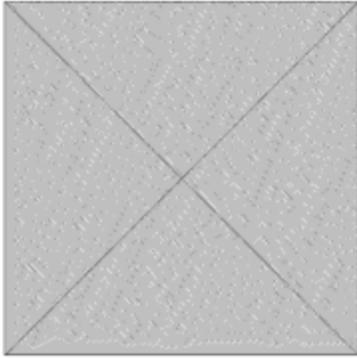

Three vertical dotted lines extending downwards from the bottom of the three square panels in the row above, serving as guides for writing.
