Jeffrey,

Billy took a job two days ago flying a Learjet 60,. its an easy schedule and should be able to assist us in the future if we need him, its only 100 hours a year flying. he attends Simuflight on Monday morning, so he is unable to assist this weekend.

My plan was to bring Dave in Bell430 to help, we should land in STT on Sunday around 5pm maybe earlier. if you want wheels up Monday morning at 5am, flight time is 3+45min and land in Teterboro at 8:45am, would this work for you?

I'm looking fwd to getting the Bell back in STT for you.

thx  
Larry
