Dear Mr. Jeffrey Epstein

Spring has finally sprung and the best seamstress in New York has a new address.

Unlike most Park Avenue chic pillars of society who hoard information on the best seamstress in town, I have chosen to share the wealth with all of those who are possibly wearing ill-fitting clothes.

My secret to the high-low fashion look is the most talented seamstress in Manhattan, Nataliya Kogan. She not only caters to both men and women, but she every Zara look like an Oscar de la Renta and she will copy the de la Renta for you as well.

Nataliya has just moved to [REDACTED] (between Madison and Park),

[REDACTED]  
Michaela for an appointment and tell her I sent you.

Nataliya will change your life.

XOXO,

Peggy

P.S. I'm not getting a commission to send this out, she is just that good!
