BURSTING WITH STYLE

For a fiery look.

Mid-century modern design just got hotter with "in" color Celosia Orange bursting into interiors everywhere. Like the look? We'll show you how to introduce it into your decor. Start with a few striking furniture pieces that **radiate this vibrant hue**. Then combine with pops of natural wood, and mix in eye-catching art, cool light fixtures, and plants that don't require a green thumb. The last step? Sit back, relax, and **enjoy the warm glow** of your new surroundings.
