IT is my birthday today , this was the worst birthday present you could have given me. I relied on your word . I spoke to mine and bills investors. I read 10 versions of a ppm. . I relied on your word , and commitement I turned down other opportunities to join funds. I relied on your word and spent 6 months of my time , to be told the same day as receiveing the version marked by the attny the 27th version of the ppm the very same day . sorry YURI changed his mind, is awkward to say the least. Bill and the team relied on your commitment. only two weeks ago you renewed that commitent to larry cohen saying don't be concerned it was happpnin,g I told my lp s , it was only a matter of a few months so, don't worry , you can rely on yuri and me, and now I have to say sorry yuri broke his word . I don't belive this,
