Bask in the glow of Scandinavian design.

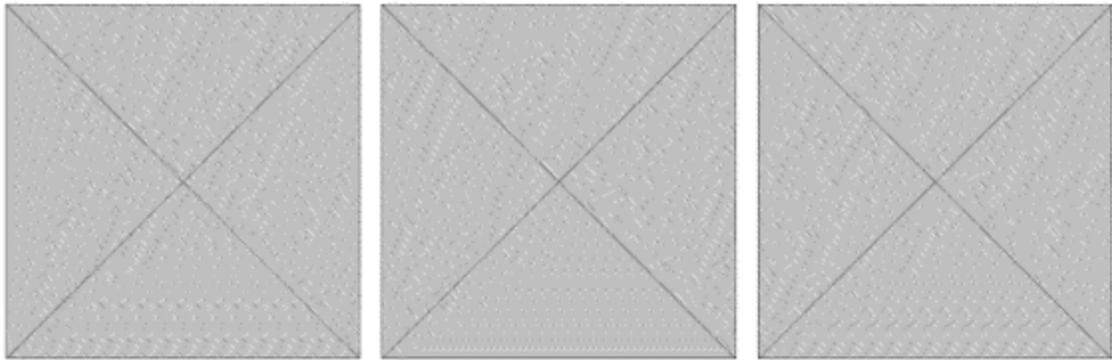

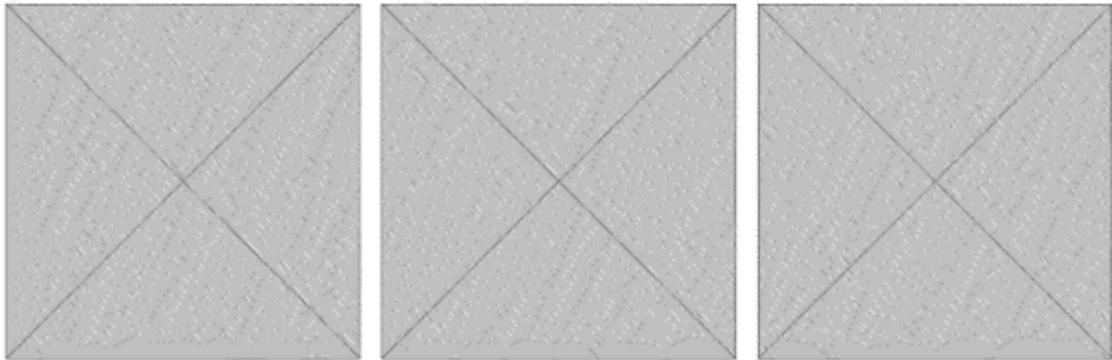

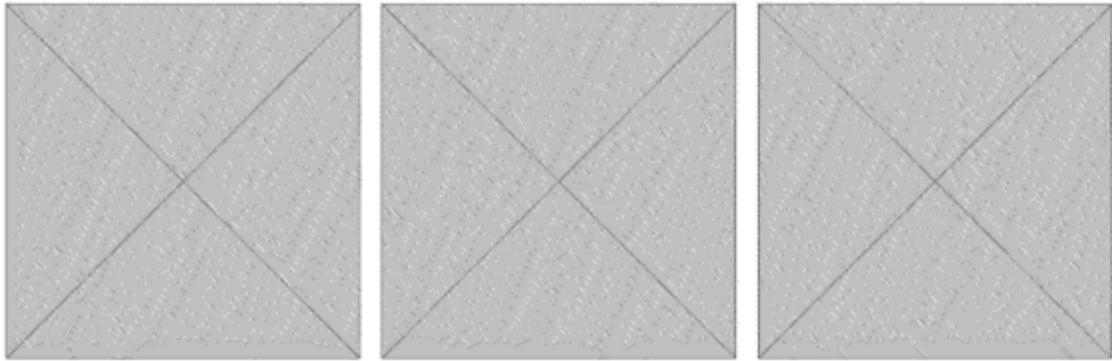

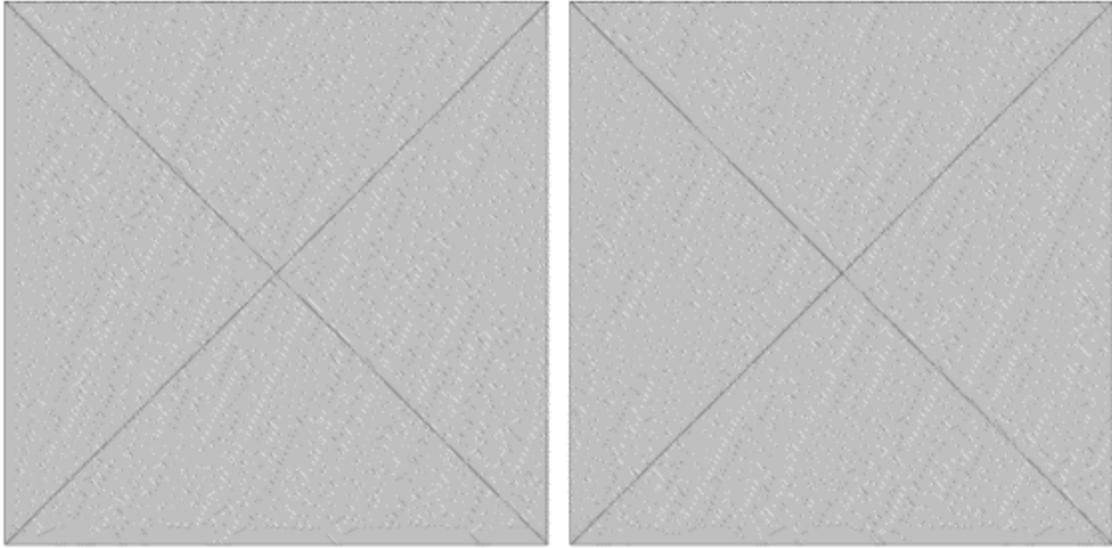

Like a field of bright tulips, Scandinavian design will never go out of style. With so many smooth curves, sharp angles, and vibrant patterns, our love for this modern look just keeps getting stronger. Today's collection mixes colorful geometric throws with fashion-forward light fixtures to add soft luminescence to any space. Complete the room with a one-of-a-kind vintage piece and be prepared for lots of oohs and ahhs.
