**Subject:** Les Vacation

Les is away from Monday the 14th until the 21st.

When are you coming back. I don't want to be gone when Lesley is not here for you.

You have a **dinner on the 20th**. It is always myself or [REDACTED] doing the dinners. I think the others would be lost trying to order the food.

There are still a few things outstanding on the harvard schedule list that I need to follow up this week. She did as much as was absolutely possible from our side.
