I became a bit sad reading your email though; should I take it as if you are not interested in me as a candidate? If so, why? I have large ambitions in life, and I had to question how working for your would benefit me in those ambitions and goals...

I am sorry to say that i think your focus is in direct contradiction to getting a serious job in the private sector. No true business or person would tolerate an attitude of I m trying to decide what your biz can do for me.?!!!!. After you left , another interviewee started with , this is my dream job, I m a hard worker , I want to do a good job for you, what should I study to be more of a help to you and your organziation. she is getting the chance, lets see.

I wish you good luck.
