Subject: april gala

Hi Jeffrey. In Denver about to give a talk at the annual American Physical Society meeting here.. it is the materials science meeting so not much of interest to me here, but they want to hear some broader physics... anyway I think my Origins assistant has sent info re the gala but not heard back about what you plan to do, nor has she received a donation so she has been bugging me... She is sending out the general donor letters and we need to know about whether you want a table etc. I

Meanwhile, mortgage saga continues.. almost every waking hour since I returned has been filled with providing them with financial data, tax forms for past 3 years, divorce decree, etc.. It is killing me. working with JP Morgan since I have a broker there and maybe that will help, but that has merely doubled the amount of work at my end, and I have no idea if it will pan out.

Hope all is well..

LMK
