Things that are universally loved: The beach. Bubble baths. Whimsical whale decor. Okay, maybe not universally, but we put together a collection that combines the three, and we think it turned out pretty fun. Behold, an array of breezy, bright bathroom accents in a color palette inspired by the deep blue sea. Shop bamboo shower organizers, unique soap dispensers, and yes, a shower curtain boasting a giant whale, and bring the best of the beach into your bath.
