Subject: Art loans

Jeffrey/Ada:

I have been working with Diana and Leon on art loans (current and promised). I was not clear from the call today what was discussed about documentation. Is Ada to contact Withers to get existing loan agreements? Once we have these doc's I need to synthesize with the insurance as Leon indicated all works are insured by the borrower during the loan period with Leon et al as the loss payees. My plan was to work with Haber once I got a full list.

Please let me know so that we can work on a coordinated basis.

Thanks
