Hi Mr. Epstein I really wanted to discuss my situation with my Position in your organization many times but the way it was always set up from day one from when Mrs. Maxwell was in charge till now was I wasn't allowed to approach you with any personal requests. I had to speak through someone else to contact you which made it very frustrating trying to approach you if I had a personal issue, and I was trained also to respect your privacy and personal space in your residence at all times. Every time I discussed my financial situation with Rich Kahn I was told either he didn't get a chance to discuss it in his meetings with you or due to the economy no one in the company was getting any increases across the board, and bring up this subject for many years became a dead issue. I didn't want to make you feel like I was abandoning my post at 9 East 71 st street or you personally by send that impersonal E-Mail that was not my intention. I had to make a hard life changing decision in a matter of a few days. So out of frustration I was forced to make a change due to family financial obligations . I want you to know I offered Rich Kahn to stay on as a consultant and to monitor the residence as long as you wish and help you any way I can during this transition . I hope you will always consider me a Very Loyal Employee and a Good Friend and I hope I can continue to help you out any way I can in the future . Thanks for all you Have done for Me and My Family I will never forget it! Thanks again Richard Barnett
