Title: LinkedIn

Hi Jeffrey,

We wanted to follow up and remind you that we'll no longer be supporting LinkedIn iPad app versions older than 7.0 starting February 18. This will help us focus on creating even better mobile products and experiences for you.

You currently have one of these older apps, but you can download the latest app anytime from the iTunes App Store. It's a brand new app — we think you'll like it! With the new app you can now search for jobs — plus like, share, and comment on what you're reading.

Have questions? Visit our [Help Center](#) for more info.
