Hey Bossman,

Pokey told me that the kite house need more work than he thought because of Mold and mildew underneath all the floor boards.

I told him to stop and work on all the smaller projects before he continue work on the Kite house because it was going to be time consuming.

Smaller projects: Chicken coop, Guest Dock, Dock carpet, Wooden Gates and Landscaping Shed.

The shed should be finished this week and he will begin work on the Kite house this Monday.

I do apologize,
Ann R.

Hey Bossman,

The Kite house was built with no foundation to hold it in place in case of a natural disaster apparently it's just sitting on blocks.

Would you like Pokey to strengthen the foundation with 16in footers (rebar & concrete) to strap down the Kite house?
