## Limited Space, Limitless Style

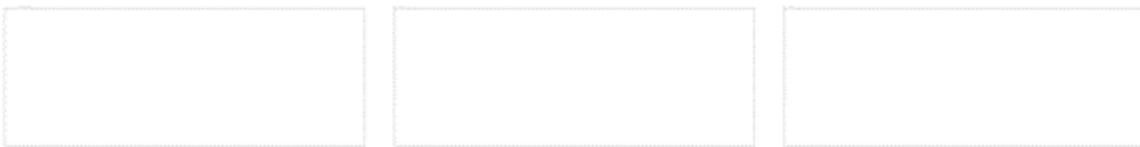

Tell us if this sounds familiar: Your college roommate calls and announces she's coming to visit. You know exactly where you'll take her for brunch, and you've already mapped out an afternoon of window shopping that makes room for all of your favorite stops. But glancing around your tiny apartment, you wonder how your accommodations will hold up. Yep, we've all been there. The good news is we've discovered some stylish yet versatile products to help you create space for everything

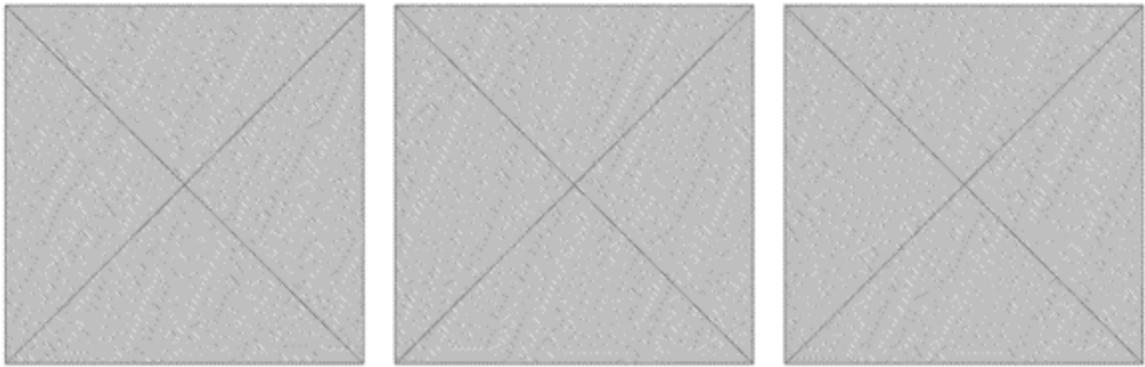

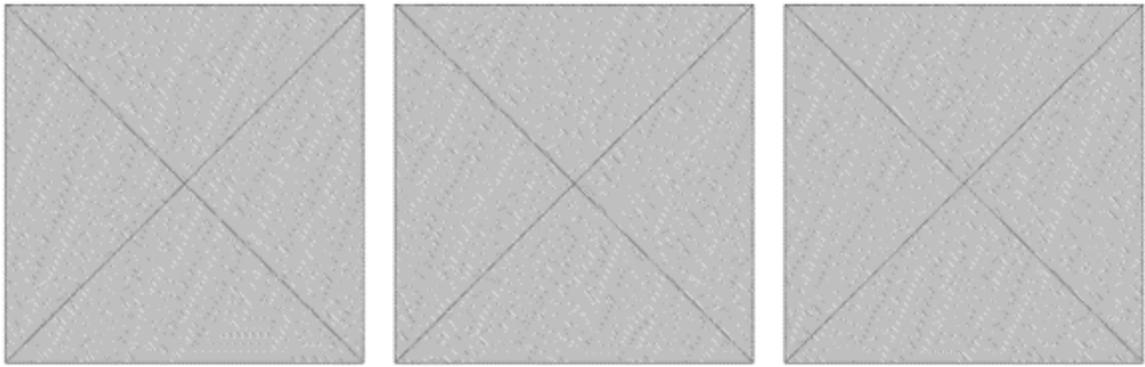

(and everyone) you need. From convertible sofas to a genius coffee table with hidden storage, we have the right pieces for living luxuriously in tight spaces. Go ahead and call your roommate back. We've got you covered.

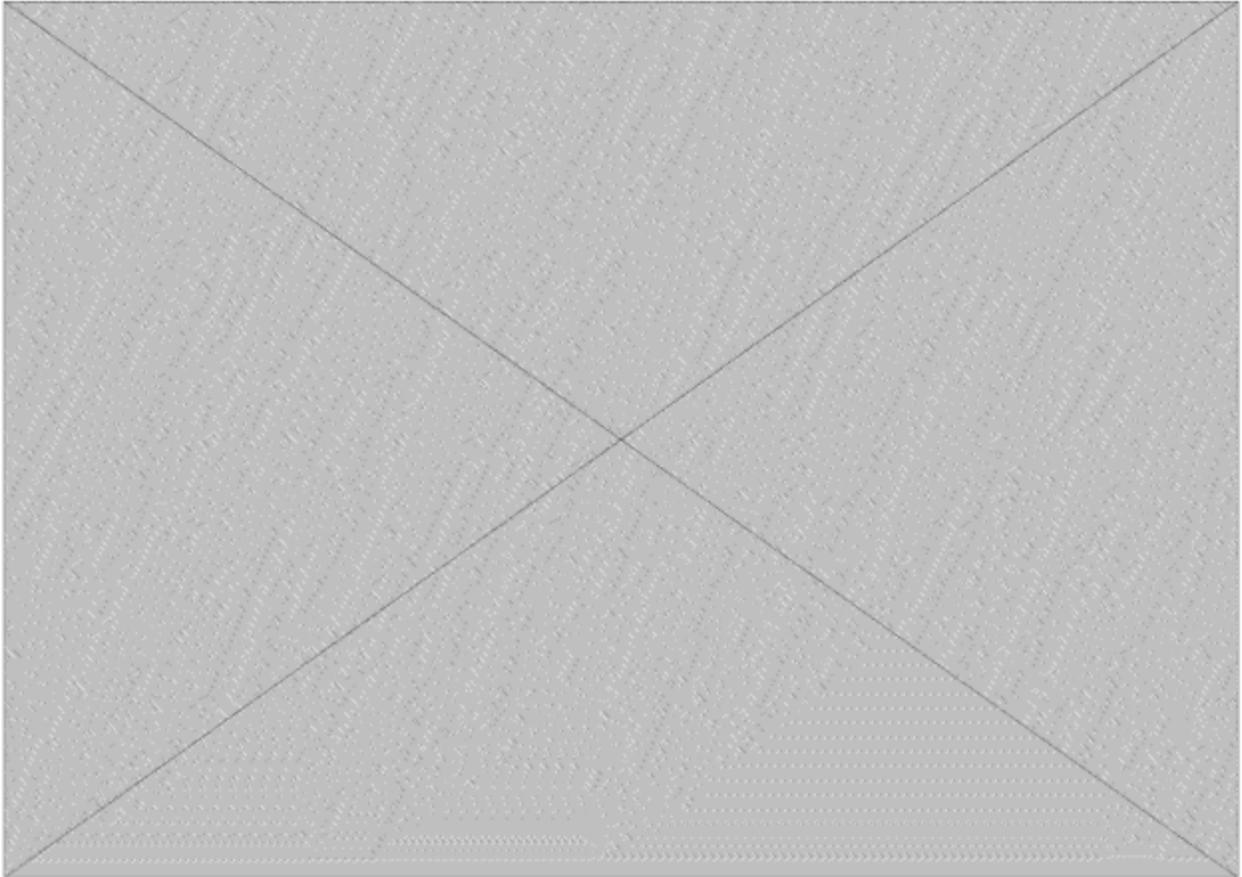

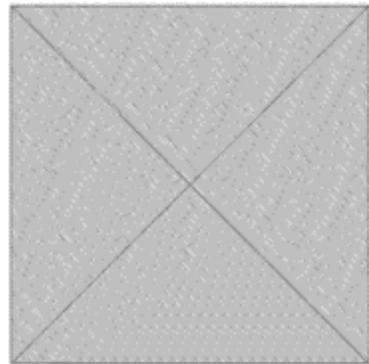

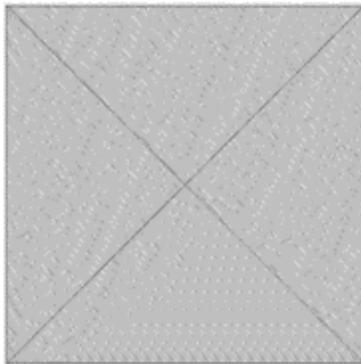

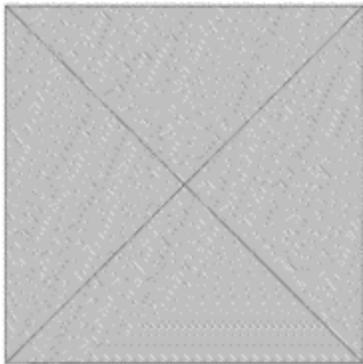

Sail away with the Down Anchor Marquee. Each one is handmade and uniquely distressed for a truly one-of-a-kind piece. The Edison-style bulbs will light up any lonely corner and brighten up your home for years to come.

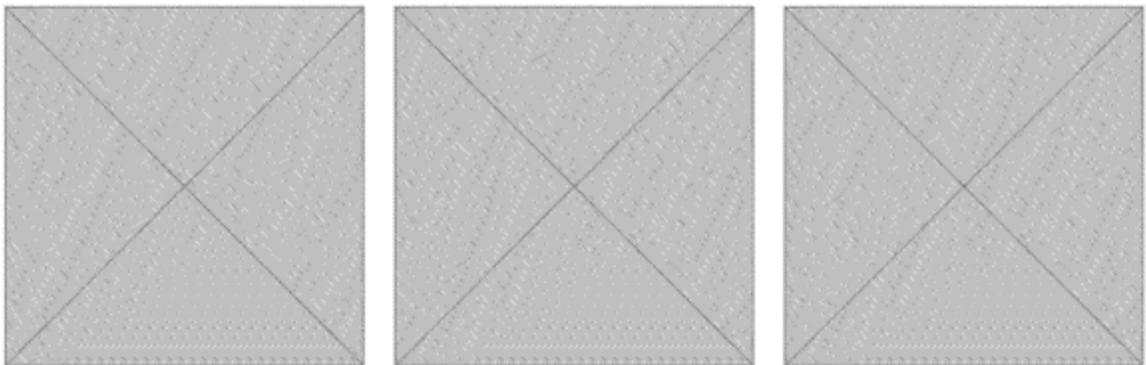

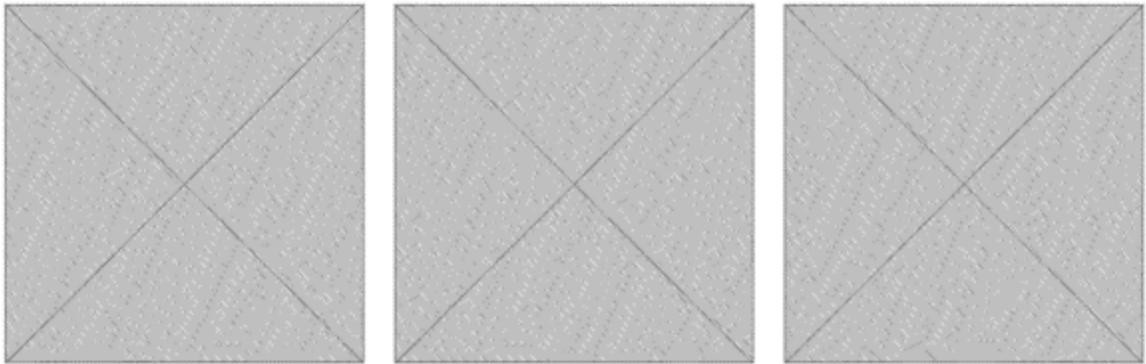

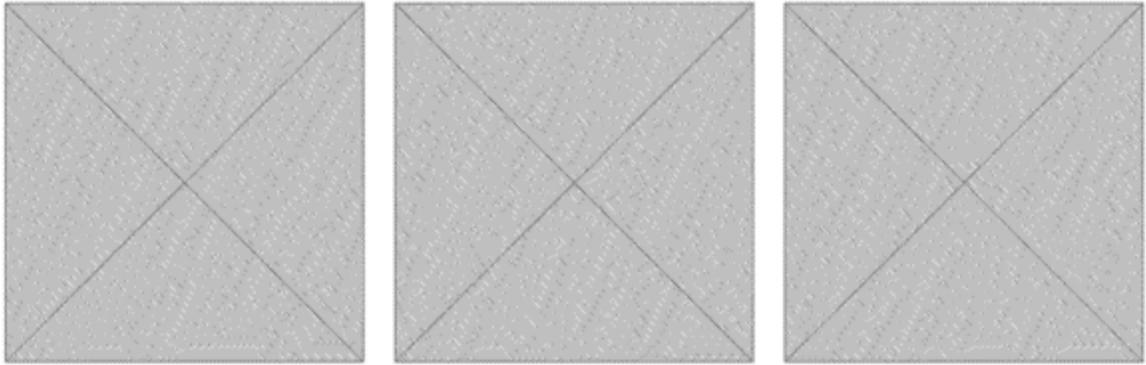

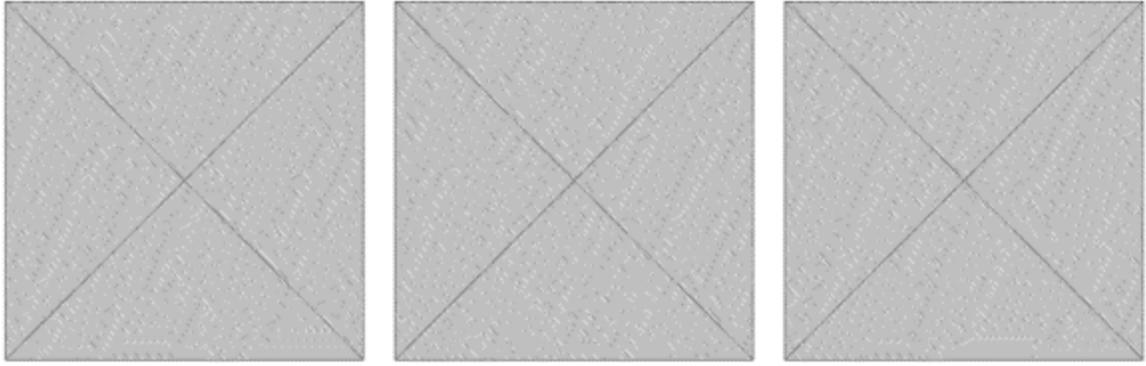

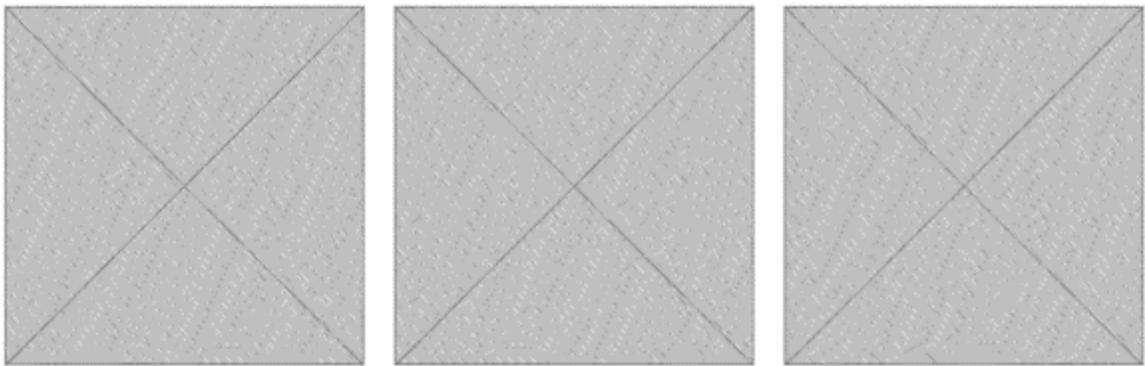

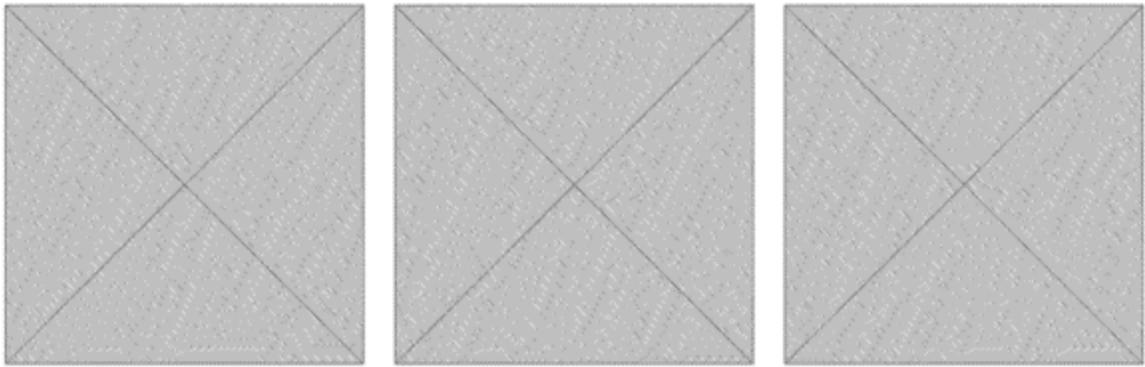

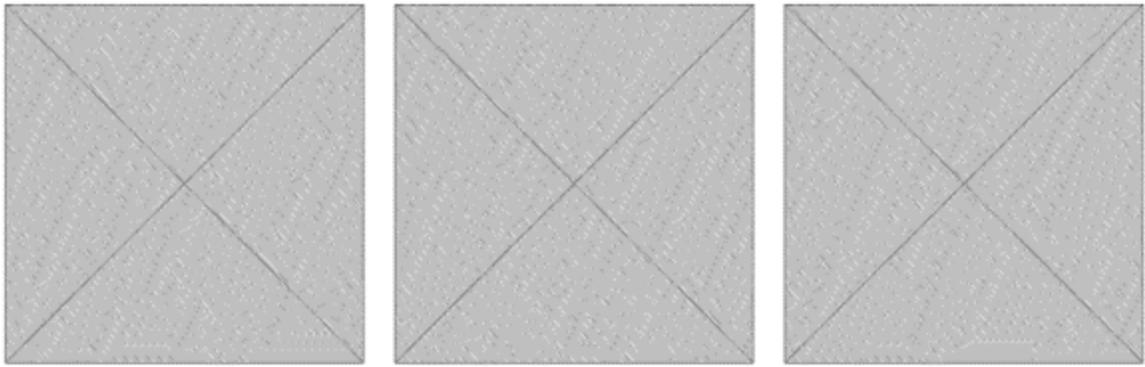

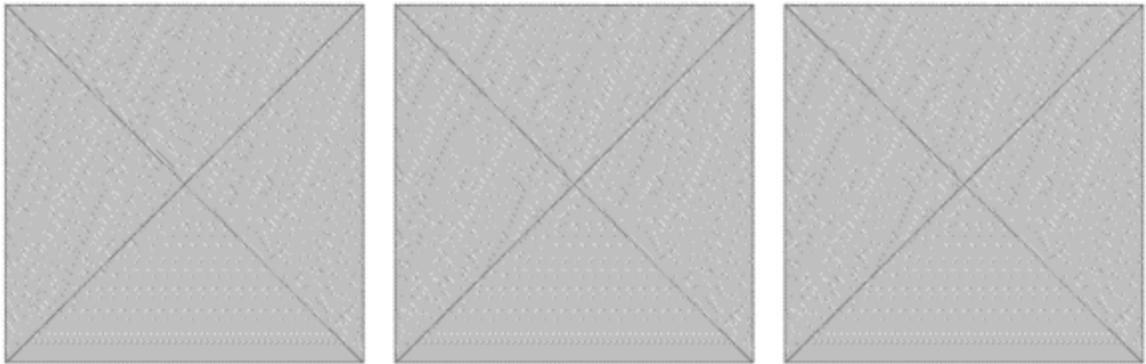

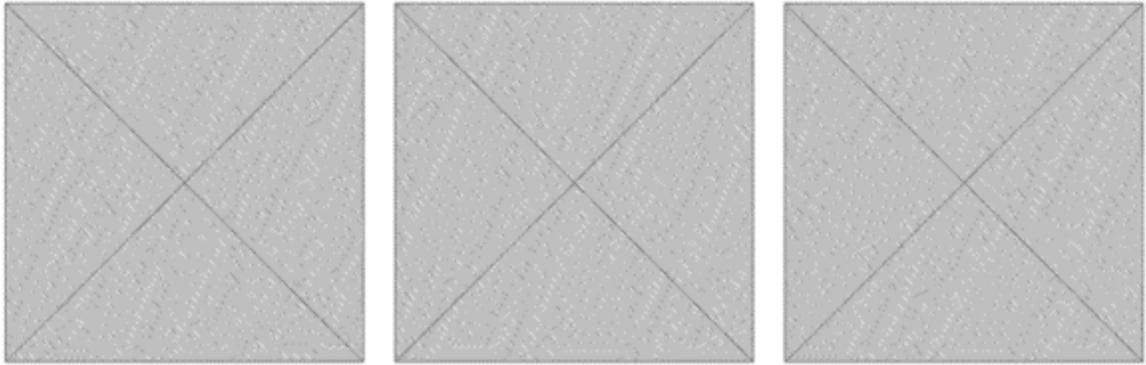

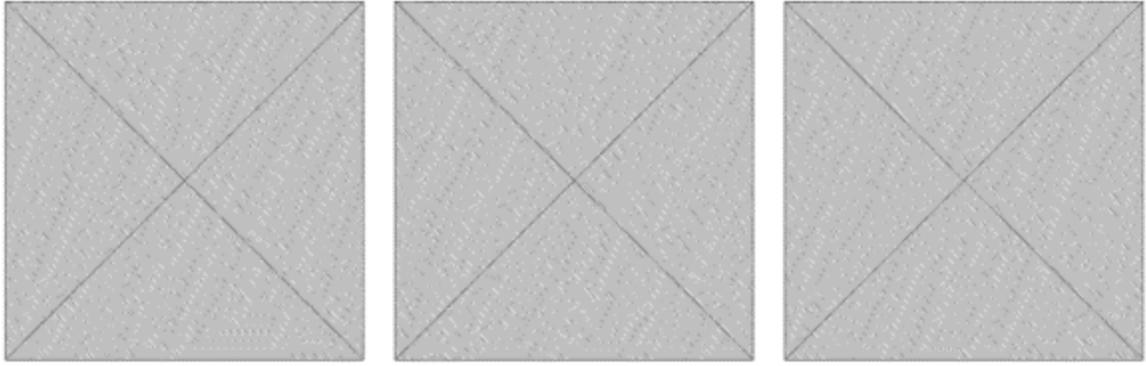

Add this shag area rug to your home for a plush pop of style. Hand woven using 100% wool, this ultra plush rug feels luxurious underfoot and makes a great addition to any modern decor, offering you quality without forsaking personality.
