Subject: Re: Library Expansion_Elevation Studies

Mr. Epstein:

Please clarify. From the back porch (the porch on the side of the pool), there is an unobstructed path to the bathroom. Do you want me to explore options where the restroom can be directly accessed from the back porch? At first glance this is possible but will require a little demolition (for door opening) and reconfiguration of existing bathroom.

Mr. Epstein:

Please see the attached drawings for your review. They include both plan and 3d/elevation studies, showing 3 different options for your consideration.

Have a great weekend!
