Greetings Mr. Epstein,

I just called Mr. Samuel and asked him if he is sure and confirming that the dome is 20 feet in diameter and 11 feet tall. He said yes. I asked him again if the dome will be ready for installation on LSJ in 2.5 weeks, which is on 1/24/2014. He formerly told me yes - he set the date - now he says he will give it his best shot and I will be the first to know if that date changes.

They are back in the shop in Cruz Bay working on this project, do you want me to go over and take photos and measurements?

Respectfully,

Daphne

Greetings Mr. Epstein,

Mr. Samuel would like you to call him at [REDACTED], or his son at [REDACTED] for further explanation of the dome progress.

Mr. Samuel says the dome is currently a big un-assembled puzzle, and he did not want to send you photos of pieces of metal, because it would not make sense.

I told him that is why I contacted on Saturday, after receiving your request, so that he could take the time to take multiple shots and put together explanations where appropriate.

Mr. Samuel also informed me today that the project is back in his shop in Cruz Bay.

Respectfully submitted,

Daphne
