Mr. Epstein,  
Good morning, Sir.

I'd like to recap your training requirements based on what I've gleaned from the email traffic with Mr. Peterson.

**Training Objective:** Basic Vessel Operations  
**Student Count:** Qty-5  
**Student Experience:** Beginner to Intermediate  
**Course Length:** 2 Days  
**Course Location:** Virgin Islands  
**Vessel Type:** 36' Ribtec; Twin Yamaha 300

If the information above looks accurate to you, I'd like to provide a proposed course syllabus and cost estimate based on this scope of training. If there are any corrections needed to the above information, please let me know.

Do you have a time frame in mind of when you would like to execute this training?

As we move forward with scheduling this event, I can work with you to refine the course content and better align with your specific goals, your student's attributes, and your boat systems.

I look forward to working with you.  
Respectfully,

Josh Burlingame  
Safe Boats International

Jeffrey,

I would like to introduce to Josh Burlingame.  
Josh is the Leader of our Service, Training and Warranty Department.  
He was one of the Head technical trainers for the Coast Guard at the  
Joint Maritime Training Center (JMTC) in Camp Lejeune.

I have briefed him on our conversations and your wishes. You have my

word you are in great hands.

Josh,

Please copy me on the progress and let me know if I can help in any way.

Thanks for the help.

Scott
