Good morning Dear David!

Thank you very much for the information you sent to me. I'd like to ask if I should contact the firms myself or you could introduce me when you have some time for that?

Wishing you a great day!

Kind regards,

Good morning Dear David!  
Hope everything is going well for you.

I'm coming back to New York this weekend. I'd like to ask you when it would be possible to arrange a meeting with the architecture firms you mentioned? Would it be possible to plan an early morning meeting as last time? Any day early morning would be great for me!  
In addition to that, would you be so kind and send me the links to the websites of those firms? Hope it won't disturb you too much.

Thank you very much!  
Wishing you to have a great weekend.  
Best regards,
