hope you thought about things on your way home. my suggestions. 1 you should take classes at the university . basic math, first year psychology, , history etc. I will pay and give you an apt. probably poland if you can for the next six months. we can revisit things in summer. . a class group will help you adapt to getting along with others. 3 .. I suspect that you are a quasi sex virgin. . its ok. your sensitivty to the subject and highly emotional reactions to concepts leads me to beleive that this is an issue. 4. go visit the schools and persuade them to take you for this semester, even if it is not for credit but we can pay for you to audit .
