Subject: David Blaine still in Vegas/Can get magic tricks for [REDACTED]

David Blaine is still in Vegas...his flight does not leave until 2:30 Vegas time...he is sad he will miss you and your friends...David offered to put together a care package of great magic tricks for [REDACTED]...he says if we give him her address he could have it put together and sent to her personally....(or he suggested the store Fantasma...but he would be very happy to get it together himself...)
