I hope you are feeling better 2 not sure how to move forward, You had asked me to take on your project with the condition that we would work something out. I did so. Only after terje and you urged me to agree to a heavily reduced fee, and shook hands on it. I continued to do things, I believed in your interest. After speaking with Ellen I am more convinced than ever that she is incapable of leading the charge. she had little understanding of the big issues, and as i stated previously, could do the plumbing, no more. She can't negotiate with Marla and or her counsel. she has little income tax knowledge. even less of security law options and benefits. 3. The transaction which you were waiting on, is no longer viable. 4. I cherish our friendship. if you have decided to break our deal, just tell me. I have hired the guys as you asked, I will eat the cost. you can give a donation to the american symphony in your name, and feel good. Im not sure how having one billion five hundred million in your estate is much different from 1 billion five hundred and twenty million but I am aware of the cognitive dissonance created by it. Lets try to resolve this one way or the other today. thanks, and my friendship is always there.
