Jenson, Kevin

I would like to introduce you to Jeffrey. This is the special project
that we discussed.
Although we are not under a nondisclosure, we shall proceed as we are under one.
I would like to keep Jeffrey's information confidential between this team.

As we discussed, this is for use in the Caribbean. It is a high-speed
transportation craft. We need to meet or exceed 60 mph with eight
passengers on board.
Ride quality, speed, safety and close quarter maneuvering is a priority.

I showed Jeffrey some photographs of AWI (all weather interceptor.) He
would like something that looks meaner than that.
I would like the design of this craft to be unique and make a statement.

Jenson, can you work some of your magic? Please keep us in the loop on
progress and feel free to contact me at anytime with questions.

Thanks
Scott
