Jeffrey, you remember my friend Sophie Dusmenil, she is the lady who organized in her apartment my sister's birthday. Her husband bought almost 2 years ago in le Marais "l'hôtel des Ambassadeurs" . It is one of the most beautiful hotel particulier in Paris with original paintings on the ceilings. The Dumenil's bought, they wanted to renovate it and I think make a few luxury apartments. They have changed their mind and want to sell it. Are you interested? Would you like to visit it?

Hi Jeffrey,

Are you in Paris?

Would you like to visit tomorrow Tuesday at 12.30 with my mother the new collection of the Museum of Modern Art at the Centre Pompidou with the Curator?

Then at 5.30 PM a great exhibition of the artist Philippe Parreno at the Palais de Tokyo? My father will be there.

On Thursday at 7 PM, we can all go to the Ecole des Beaux Arts to see a performance of Tilda Swinton and Olivier Saillard and and then have dinner at the restaurant le Duc.

Big Kiss

Caroline
