Got your email. Jeffrey had asked how the picks had done since we met 5-6 weeks ago? It doesn't really matter in just 6 weeks. This portfolio is at least a 2 year play. And as I said to him before, I have been through 2 recoveries before where the bull market spreads out from the so called nifty fifty. PCLN,NFLX. AAPL ect to the 2nd tier and 3rd tier cos. This is happening now. I stand by 300 percent in 3-5 years. Just to answer his question, on the 5 names mentioned in the power point, they range from +45 percent to -35 percent. What does he mean when he says I'll take the ???
