Subject: Can You Imagine?

Title: AFHU EMAIL

Dear American Friend,

A future of global peace... a world without cancer... a stronger Israel...

It may be hard for some of us to imagine these things, but the students at The Hebrew University of Jerusalem inspire me to imagine they might one day happen. They represent some of the most diverse, intelligent, and hardworking young people in the world:

- Orit is in her fourth year of study at HU's School of Pharmacy and is looking forward to combining her interest in biology and pharmacology into a career in medical research.
- Netta is enrolled in *Tsameret*, the elite military medicine track at The Hebrew University-Hadassah School of Medicine. He plans to help alleviate the acute shortage of military physicians in Israel.
- Anat is a Ph.D. candidate studying social work and social welfare at HU. Once she completes her dissertation her aim is to use her social sciences background to inform public policy and build stronger communities.

These types of hard working students give me hope for the future... **and so do you.**

Please give generously to AFHU today – help us make next year full of promise, innovation and discovery. Thanks to your support, I know Hebrew University and Israel will reach new heights in 2014.

As an American Friend, your support of AFHU at year end is helping us to provide The Hebrew University of Jerusalem with the resources needed to educate the next generation of global leaders and spur new achievements. And because of you, Hebrew University is truly an engine of growth for the nation of Israel, and a research powerhouse.

Thank you,

Peter Willner
National Executive Director
