barry , I would like to agree to dans taking his new role. However I think it not in the co interest. . I also disagree with gerstner taking his job . I appreciate the fact that we are done with each other. and would propose the following, I sell you my stock, I resign effective immediatley we exchange mutual releases that are end of the world releases. you and I agree no disparagement and confidentiality, not necessary as part of release. only gives each other standing. I go and restart my life and biz . we each go on our merry way .
